

HOW TO CREATE

1. Open the reindeer template pdf, there will be 81 pages to print in US letter (8.5x11 inches)
Each page will have a page number. on it.
2. Arrange the 81 pieces according to the grid shown on the right.
3. Trace the outlines of the reindeer on plywood/foamboard
4. Cut the shape traced on the plywood/foamboard with proper tools.
5. Add fairy lights around the back side of the border

Each part of this grid is one US letter page
