

..... From Elf Headquarters .....

Dear \_\_\_\_\_,

I've really enjoyed being a part of your family this holiday season! Exploring your home and playing hide and seek with you every morning was so much fun!

It's time for me to head back to the North Pole to help Santa out. He has a **VERY BIG** night ahead of him... It's Christmas Eve! All of us elves have to help Santa make sure that all of the presents get delivered on time.

I will make sure to tell him that you were on your best behavior and that you deserve to be on the nice list this year!

Love,

P.S. I will see you next year!
