RE: Urgent Assistance Needed - Code "67"

URGENT

SUBJECT: Emergency Request for Translation/Explanation

Dear Santa,

Charlotte keeps saying "67" and I have NO idea what it means! Despite my 300+ years of elf training, I am completely baffled.

MY INVESTIGATION ATTEMPTS (ALL FAILED)

- ✗ Checked if it's a new math problem - Numbers don't add up to anything special
- ✗ Searched North Pole database - No record of "67" in Elf Manual
- ✗ Asked Rudolph - He just looked confused and ate a carrot
- ✗ Consulted Mrs. Claus - She suggested it might be a recipe

STATUS: Kids laugh when they say it. I pretend to understand but DON'T!

HELP NEEDED: My "cool elf" reputation is on the line!

PLEASE ADVISE:

- ☐ Should I pretend to understand?
- ☐ Is this covered in the 2025 Elf Training Update?
- ☐ Can I just stick to classic "Ho Ho Ho"?
- ☐ Send backup elf who understands Gen Alpha?

Your Confused But Dedicated Elf,

Buddy x
