Information used by Internal Audit is not used (a) to determine an individual's suitability for employment (b) to determine an individual's suitability for promotion or to determine an individual's suitability for transfer (c) to determine an individual's suitability for termination of employment (d) to determine an individual's suitability for any other purpose.

Reprints of this article are available at www.hbs.edu/journals, offering faculty, students, and executives a low alternative to purchasing the complete book of essays.

the 1990s, governments have been using economic incentives to encourage the use of integrated pest control. For example, the European Union has introduced a number of measures to encourage the use of integrated pest control, including the introduction of a ban on the use of chemical pesticides in certain areas, and the introduction of a system of incentives for farmers who use integrated pest control.

Please see the endpapers for more details and for information on authors' roles and responsibilities.
