

THANK YOU

Dearest family + friends,

From the bottom of our hearts we would like to thank you for celebrating our special day with us and making it the most memorable day of our lives! From the ceremony to the dancing, we haven't smiled and laughed that much in one day, ever!

We are so grateful for your presence, warm wishes and generous gift. We are thrilled to have started this beautiful chapter of our lives together and we look forward to sharing many more memories with you!
