

Dear Niece,

Boy, that sure was fun! I just got done hopping all over your house looking for new hiding places tricky enough for a smart and clever kid like you! I tried not to make it too hard, but I didn't want to make it too easy either or that wouldn't be any fun!

Try to find your Easter basket first so you can check out all the goodies I picked out for you. Then, you can use your basket to collect all the eggs I hid.

It's a beautiful day to celebrate Easter with your family! I'm sure you'll have so much fun doing egg hunts, enjoy all your goodies and treats, have Easter dinner, and the best part of all - spending lots of time with your family.

By the time you read this, I'll already be back to my workshop thinking about next Easter, when I'll be hopping your way again!

Love,
Easter Bunny
